COLONEL DEAKYNE PAYS OFFICIAL VISIT TO REDWOOD

The city council room in the city hall was crowded yesterday afternoon by business men and shipbuilders of Redwood City who had assembled at the hearing arranged by Colonel Herbert Deakne of the engineer corps of the U. S. army. He presided and listened to the arguments put forth by the shipbuilders for dredging the Redwood creek channel so that it would admit of large ships coming up to the harbor.

A good showing was made and the colonel went away with plenty of data.

Mr. McNulty of the Fox-McNulty Lumber Company said that his firm would do the dredging if the creek was dredged.

Frank Marcus of the Frank Marcus Lumber Company said that his firm would do the dredging if the creek was dredged.

Others who spoke were John MacPain, L. P. Behrens, Congressman Hugh S. Hersman and M. J. Knox.

GRAND ARMY MAN ANSWERS CALL

Dennis Daly, a veteran of the Civil War and a pioneer resident of this section of the county, passed away at the Hulings hospital last Friday following a stroke of paralysis. He had been an invalid for the past six years and had made his home at the Hulings hospital, during which time he was cared for by Mrs. Hulings.

FIRE PREVENTION FOR ALL VARNY AIRPLANES

The Varney Flying Field has a new superintendent, M. Brown, who has been in charge of the field for some time has resigned. The new superintendent will take charge of the field today.

Walter T. Varney, Pacific Coast agent for the Lincoln-Standard and Bristol types of airplanes, yesterday completed arrangements to have the most modern fire prevention appliances used in all of his airplanes. In addition to the fire fighting apparatus, a parachute is attached to each plane and will be attached to all Varney planes.

The fire prevention apparatus is the one perfected by W. A. Ross, formerly of the Royal Flying Corps. It is a three system sprinkler, direct, and by concussion, appliance which floods the motor and all parts liable to flame, with carbon tetrachloride, which will extinguish any fire.

The new system is one which lines the gasoline tank, the feed pipes, carburetor and the motor itself with carbon tetrachloride.

To eliminate danger of crumpling and other plane accidents which might occur, the Varney planes are to be equipped with the Broadwick parachute. This is another insurance against danger to the flier.

With the latest of fire prevention attachments and parachute appliances in his planes, Varney is of the opinion that he has eliminated danger to the minimum in all of his ships.

LADIES-TEUTSCH NUPTIALS

Mr. La Dieu is the first assistant engineer on the Steamer Leviathan plying between New York and Liverpool. He is a graduate of the local high school and is a worthy young man in every way.

CEMENT COMPANY BUYS 95 ACRES OF LAND HERE

Yesterday a deed to 95 acres of land in the Harbor Company's tract at the water front was passed from the Redwood City Harbor Company to a cement company. It is said the sum of \$92,000 was paid for the choice industrial property. The work of erecting buildings, building roads, and preparing the ground for a big cement plant will begin at once. It will probably be a year before the actual manufacturing of cement will be in operation.

This is the largest industrial plant that has ever located in Redwood City. Millions are to be spent on the proposed plant. It is the biggest thing that has ever come to the county. Thousands are to be employed and millions of dollars are to be put in circulation for the benefit of the merchants of the town. All hail the coming of the cement plant.

Clemence Cochran, Stella Custer, Mart T. DiVita, Paul H. Sonntag, Jeanne J. Fahey, Mary A. Daly, Pearl W. Elftman, Frances Stedman, Richard Harder, Grace J. Baker, Della W. Scott, John B. Kelly, Leon P. Fellman, Sr., Henry Steinberger, Alice P. Laumister, Dolly V. Jamieson, Emelia S. Haley, Isabella Mighall, N. J. McNamara, Charles L. Hyde, Elisee J. Turk, J. A. AN APPEAL FOR AID

The following letter has been sent by Superintendent of Schools Roy W. Cloud to all the teachers of the county:

Greetings:—Mr. Herbert C. Hoover has sent out a call to the people of the United States for \$23,000,000 to feed and clothe 3,500,000 children in Europe. Mr. Hoover wants the little boys and girls to have at least one meal a day. Hundreds and hundreds of children are literally starving and here in San Mateo county we are wasting every day enough to keep many a little boy or girl alive. I believe we ought to help Mr. Hoover in his great work.

Next week we will have our Thanks giving Day. We have so many things to be thankful for that we should pass some of our blessings on to someone else. I know it isn't according to law to suggest such a thing but I wish every teacher, kindergarten, elementary and high school, would have a party in the classrooms, Wednesday, November 24 and let the teachers and pupils drop in whatever contribution they wish. If you want to do this send the amount to me as a school contribution. Don't let one class know what it is or let the neighbor has done but just give for the joy of the giving. I will pool the whole amount and send it as a contribution from the boys and girls of San Mateo county.

Only one copy of this letter will be sent to each district and the principal or supervising principal is requested to show it to every teacher in the department. If I don't hear from a school I will know that the teacher did not approve the plan and as we are all entitled to our own opinions about such matters there will be no harm done.

Our greatest teacher once remarked "In as much as you have done it unto me, I have done it unto me." Trusting this will be the best Thanksgivings you have ever had, I am

Yours very truly,
ROY W. CLOUD.

THE WEEK'S EVENTS IN LOCAL CIRCLES

A card party will taken place in the parochial residence of Father Kennedy next Tuesday evening. Good prizes are to be awarded the winners of the game. The house has been remodeled for the occasion. The party promises to be a splendid success.

The ladies of the M. E. church of this city desire to thank all those who contributed old papers at the recent drive. The drive was an unqualified success.

Judge Griffin has cited 43 automobilists to appear before him and show cause why they cut down red-berry trees on private property at Portola last week. The number of the machines were secured by Traffic Officer James Logan.

Parties in automobiles come to Portola and Woodside and cut off large branches of the trees thus destroying the life of the tree. If this is not stopped the county will soon suffer the loss of these pretty trees.

An ordinance is soon to be passed by the supervisors making it a misdemeanor to take redberries from any private ground.

Jeff Lawrence, a student at the local high school and a resident of Menlo Park, met with a painful accident in the manual training building on Tuesday. The middle finger of his right hand caught in a planer and was so badly bruised that it was amputated at the first joint by Dr. J. P. H. Dykes. This is the first accident that has occurred in that department of the school.

The ladies of the Methodist church will have Thanksgiving goodies, principally pies, for sale on Wednesday, the day preceding Thanksgiving. Orders taken. Phone Mrs. Winegar, Redwood 477-R. Mrs. W. F. Yearlan, Redwood 372-W.

The net proceeds of the bazaar given recently for the benefit of Mt. Carmel church are \$2900. This is the largest sum secured at a fair in Redwood City for over twenty years.

Doctor Hickok, charged with the crime of committing abortion on a young girl at Myrtle "House of Mystery" Salada last August, will be tried before a jury in the superior court on Monday. The doctor will be defended by Kenneth M. Green, formerly of San Mateo.

The San Francisco Laundry announces that it has taken over the business of the Crystal Laundry, and will continue to maintain an office at 44 Broadway, telephone Redwood 35. All classes of good laundering will be done, and telephone calls given prompt and satisfying attention.

CITY TRUSTEES MET MONDAY

At the meeting of the City Board of Trustees Monday evening Wm. Jamieson and P. E. Brand, plumbers, were present and protested against the appointment of a master plumber to the position of plumbing inspector, stating that possible discrimination may occur.

To this Trustee Tuchen replied that the board had in mind the appointment of a plumbing inspector as soon as a candidate could be found. Trustee McNulty informed the gentlemen that the reason that the board retained Mr. Hogan was on account of no applications being filed for the position and that it was only temporary.

Mr. Brand suggested that City Engineer Dimmitt be appointed for the position, however the matter was laid over until the next meeting.

Mr. Brand presented the board with a plumbing ordinance which he said was adopted by several towns on the peninsula. This ordinance is practically the same as the one adopted by the board and in use now, with two or three minor changes.

The matter of heating the new fire house was discussed and it was decided to purchase four Humphrey heaters, the price not to exceed \$25 each. Trustee M. E. Ryan had already donated two gas heaters.

The First National Bank of Redwood City notified the board that the request of the board to turn over to S. H. Frank company the deed which they held in escrow, had been complied with.

A 3 o'clock dance permit was granted the Sequela Club for the evening of December 4.

The city clerk notified the board that he had received a check for \$25 from Frank Bryant, former manager of the Redwood City Aviation school, to pay for the use of the municipal wharf for storing airplanes. In view of the fact that the city has relinquished its claim on the warehouse, it was decided to forward the check to the S. H. Frank Company together with a letter explaining the matter.

Trustee Tuchen called the attention of the board to oil being thrown in the streets in the Eastern Addition. There is a cesspool into which the oil from the cars is let run and sometimes this overflows causing the oil to run down the street.

Trustee Tuchen agreed to take the matter up with the Pacific Billie company who owns the pit, and see what could be done to abate the nuisance.

After considerable discussion the matter regarding the city police and the "House of Mystery" Salada was left to City Engineer Dimmitt to prepare plans and probable cost for removal of the same.

FATHER JOHN MAGUIRE DIED IN PHILADELPHIA

Father John Maguire passed away at Philadelphia on November 11, following a brief illness. Dr. Maguire was well-known in Redwood City, having visited here every summer. He was a nephew of Mrs. R. A. S. Pescia, owner of the famous Sweeney ranch near Redwood City and was a guest of Mrs. Pescia's suburban home nearly every summer for the past fifteen years.

Father Maguire was pastor of one of the largest parishes in Philadelphia. Prior to going to that city he was a professor of English in the Washington University.

Father Maguire was accounted one of the ablest pulpits orators in the country.

He was a devoted priest, an able scholar and in his death the Catholic church loses a zealous worker and the country a useful citizen.

LETTER FROM THOS. TUTE NOW IN IRELAND

Thomas Tute, who with his family left here in August last, to visit Ireland writes to his old friend, Mrs. J. Kearse, as follows:

"In regard to our trip I must say it was pleasant all the way over. We found all our friends and relatives in good health. This unfortunate one of the press reports during the war of the invasion of Belgium by the so-called Huns. The horrors of those times were pictured to us in all their hideousness but the ravages of Belgium are nothing to what England is doing to unfortunate Ireland today. We have visited the ruined towns after invasion by the English army. It was a heartrending scene of desolation and misery. Homes and business places are a pile of ruins and old people are left to starve. The Hun could do no worse. Every industry is paralyzed by the cruel sword of England. The people see a ray of hope in America. They look across the sea to the 'Land of the Free and the Home of the Brave' for aid. They cry out in their agony to their brothers over the sea to intervene and stay the cruel and inhuman hand of the tyrant before it is too late for the down-trodden people of Ireland cannot endure this inhuman treatment much longer."

"The misery of Ireland today is worse than it was in Belgium and France during the war."

"The country would be prosperous only for the tyrannical government of England who seems to want to crush the people of Erin out of existence. I only wish I was home to tell you of the cruellest wrong going on in Ireland. I could not commit them to paper, so hideous are they. Ireland will yet be free. Terence MacSwiney shall not have died in vain."

Sincerely yours,
THOMAS TUTE.

MODEST EDITOR O'KEEFE

"The Times-Gazette takes some little credit for the big victory of Tuesday. It was the only Republican paper in the county that waged a continuous battle for the entire ticket, making a special plea for Samuel M. Shortridge for the United States Senate. The county was overwhelmingly Republican."

"Just a Little Credit" was the caption of the foregoing modest paragraph that appeared in the last issue of the Redwood City Times-Gazette. While we are not howlingly overjoyed at the defeat of Governor Cox and Senator Phelan, we must take off our hat to Editor Dennis O'Keefe, for he was undoubtedly the greatest cause for the Republican victory in San Mateo county and his valuable services to his party are deserving of the utmost consideration by the party leaders.

The Times-Gazette is on the job in the interest of the Republican party and when an election is on that paper always compels us Democrats to don our best think caps.—Daily City Record.

NATIONAL CHAIRMAN HAYS THANKS TIMES-GAZETTE

Mr. D. E. O'Keefe, Editor, Times-Gazette, Redwood City, Calif.
My dear Mr. O'Keefe:—I do not know whether they have stopped counting the votes yet or not, or whether the unprecedented majorities are still mounting higher, but I want to send this further word of personal appreciation to those who had so large a share in the achievement.

The splendid victory was a victory, in large part, for the loyal, patriotic Republican press of the country. The militant manner in which the Republican press, from the metropolitan dailies to the country weeklies, co-operated editorially and in a news way with the Republican organization for months has been effective beyond description.

The victory is worth of our candidates and our cause. The responsible liabilities that it brings will be met with a sympathetic and intelligent understanding and discharged with a faithful execution that will keep America in her high and proper place in the world to day and tomorrow, and once more bring into action those forces at home which make for the real welfare of the people and the glory of the nation.

In all of this you will have a large part and I know you will strive to uphold in every worthy way the hands of that fine American, Warren G. Harding, a member of your craft.

Again assuring you of the party's appreciation and my own personal sincerest gratitude for your continued generous consideration of me in all these matters, I am, with best wishes always,

Sincerely yours,
WILL H. HAYS.

REPUBLICANS SOLEMN AFTER GREAT VICTORY

With a majority of 152 in the House and 22 in the Senate the Republican party has returned to power with a solemn sense of responsibility after ten years of Democratic control.

The fact that the House majority is less than ever given any party in the history of the country and that the Senate majority is sufficient to make sure of the passage of all party measures, does not cause elation among the leaders in either branch of Congress so much as a determination to do away with the evils in administration which cause the land-slide in their favor.

It is only within the facts to say that no party ever came to power with such a serious sense of responsibility as the Republican party at this time. In interviews with those who are to wield that power one is impressed at once with this feeling that the party must do great things to make good and that it will do them. The Republican party is the party of constructive effort. It lost Congress in 1910 on the democratic promise to reduce the cost of living, lost the presidency in 1912 by a split and in 1915 by a promise to keep us out of war. It returns to take up the burden where it laid it down, having in the meantime during the war outwitted the democrats in patriotic subversion of partisanship. It is united as it has never been.

The democratic party, on the other hand, is literally shot to pieces. Because of the nature of the campaign, he waged, Cox is generally discredited, so far as the national capital is concerned. Boston worse than Alton B. Parker, in 1904, he cannot hope to again lead the democratic hosts. Because the Wilson administration was so utterly repudiated, it is unlikely that William G. McAdoo, the President's son-in-law, can take up its guidance. Already three times beaten, William Jennings Bryan would be glad to take the reins again; but the South will not again accept him. Governor Smith of New York, though he made a great race in his defeat, is too closely allied with Tammany to make any widespread appeal to the country. Champ Clark has gone down in the general landslide. Claude Kitchen, who will now assume the leadership in the House, hails from North Carolina, and is out of the running for national leadership. Senator Oscar Underwood, of Alabama, will for the time at least come nearer to being the leader of his party than any other man because of his titular leadership of the democratic majority in the Senate; but he and Bryan are bitter enemies, he is too far South to be potent, and he does not appeal to the progressives. Many see in William R. Hearst an aspirant for democratic honors again, but his attitude toward war questions would probably prevent that.

Furthermore, the democrats are without any great issue to stand upon after defeat, such as enthused them after the defeat of Cleveland in 1888.

Both the ill health and the unpopularity of President Wilson would prevent his return. The league of nations is dead, buried beyond the slightest chance of resurrection. Under the Republican administration the government will be conducted for America, contenting itself with fomenting the most friendly relations with all while protecting itself from the possible aggressions of any of them in the future. It will not assume that the millennium is at hand and hence propose immediate disarmament. It will have the greatest Navy in the world and an army sufficient for development to meet any emergency. In this the democrats can have no issue. They will resume the place formerly held by them during the Roosevelt administration as a mere party of negation.

COUNTY BOARD IN REGULAR SESSION

The board of supervisors met in regular session Monday, November 15, 1920.

A communication was received from Will H. Toepke, architect for the new county hospital to be built at Beresford, in which he asked permission to specify certain reductions and allowances to be made by the heating and ventilating and the plumbing contractors in submitting their estimates for the work to the board of supervisors.

Architect Toepke further asked in his communication that the time for submitting the estimates on the hospital be extended from December 6th until December 20th.

The requests of the architect were granted, on motion of Thompson, seconded by Hickey.

A resolution calling upon Governor Wm. D. Stephens to appoint Manuel Francis of Halfmoon Bay supervisor of the Fourth township, to fill out the unexpired term of his late brother, Jos. M. Francis, was adopted by the board, on motion of Thompson, seconded by Hickey. Manuel Francis was elected to the position on November 1, and will take office on January 1st.

Chairman MacBain stated that Superior Judge George H. Buck and District Attorney Swart had both signified their willingness to put their names to the resolution to be sent the Governor.

On motion of Hickey, seconded by Thompson, State aid was granted in the case of several half orphans.

The board took up at this time the matter of the petition of Mrs. Henrietta Brown, owner of the Brownvale kennels, to conduct a kennel on what is known as the Aviation property on the east side of the State Highway at San Carlos.

A petition signed by Mrs. Mary E. Quinn and seventy-four other residents of San Carlos was read protesting against the granting of the kennel permit. Mrs. Quinn was present at the hearing and after being sworn testified that the location of the proposed kennels was about 500 feet from her residence. She further stated that practically the entire town of San Carlos was against the establishment of the kennels on the above site.

In view of the above opposition and on motion of Mrs. Brown, seconded by Thompson, the board denied the petition of Mrs. Brown.

The latter then addressed the board and stated that she had another probable site for her kennels on the De Niverville property at Belmont and she asked that she be permitted to transfer the location on her petition to the above property. Chairman MacBain informed Mrs. Brown that it would be necessary for her to file a new petition and that if she had the same ready, it would be considered before adjournment.

Two letters were received from hunters residing in San Francisco urging the board of supervisors to purchase the Ocean Shore Railroad so as to allow the nimrods of that city to reach Halfmoon Bay and other points on the coast during the hunting season.

The board received the following bids for constructing a galvanized iron hood over the range in the kitchen at the county farm:

P. E. Brand\$117.00
R. C. Holmquist 129.00
Wm. Jamieson 200.00

The bid of Brand being the lowest of the three, was accepted, on motion of Thompson, seconded by Hickey.

An application for the position of building inspector of the new county hospital to be erected at Beresford, was received from J. T. Creighton of San Francisco, and the same was ordered filed, on motion of Hickey, seconded by Thompson.

Judge John W. Davis, representing the unincorporated town of Colma, appeared before the board again in the matter of the proposed plan to tunnel under the Southern Pacific right-of-way at the termination of Market street in order to extend that thoroughfare. Judge Davis explained that in order to get permission from the State Railroad Commission to do this work, it was necessary to have an application come from the board of supervisors of San Mateo county and signed by the chairman of the board. Colma being an unincorporated town.

A resolution directing John MacBain as chairman of the board, to sign the above application, was adopted, on motion of Hickey, seconded by Thompson.

Judge Davis next addressed the board in reference to the hog ranch situation at Colma. He said that there were three ranches of this kind in the built-up section of the town and he asked that the wbe denied a permit to operate any longer.

After some discussion in the matter the board, on motion of Thompson, seconded by Hickey, voted to deny all applications for hog ranch permits at Colma on file and directed that the county health officer proceed at once to eliminate any ranches at that place that are not being conducted in accordance with the full requirements of the law.

Mrs. Henrietta M. Brown, again appeared before the board and presented her petition for a permit to conduct her kennels on the De Niverville property at Belmont above referred to.

In accordance with the provisions of the ordinance, Chairman MacBain set Monday, December 6th, 1920 as the time for hearing the petition of Mrs. Brown.

County Surveyor George A. Kneese reported that, in accordance with the recent request of Supervisor Mrs. Brown, and the instructions of the board, he visited Belmont to look over the drainage situation in front

of two residences on the east side of the Southern Pacific tracks, where the owners desired culverts constructed in order to carry off the storm waters during the winter months. Kneese stated that he did not consider it necessary to construct the culverts and that ditches would be sufficient to carry off the water. The board accordingly, on motion of Hickey, seconded by MacBain, denied the request of the property owners.

County Surveyor Kneese addressed the board and asked that he be allowed clerical help for several months to assist in the work of getting out a new county map. The request was granted, on motion of Mrs. Brown, seconded by Thompson.

AS the first week of this great sale comes to a close, the people of Palo Alto and vicinity have come to realize that this is one grand money saving opportunity for them on furniture, stoves, rugs, and household supplies. And now that we have had time to go over our stock, again and price it, we find many more bargains to offer, at prices that prove undoubtedly that they are great reductions from prevailing retail costs. There is another element that tends to make the Economy Store prices VERY LOW, and that is the fact that we always mark our goods on a very close margin. The Economy Store was designed to be a money saving establishment, as its name implied, and the prices there were always a bit under the market. AND NOW THAT WE HAVE DECLARED A FURTHER REDUCTION OF FROM 15 PER CENT TO 60 PER CENT ON EVERYTHING IN THE STORE—YOU CAN READILY REALIZE THAT WONDERFUL BARGAINS ARE OFFERED YOU. We are anxious to close out soon and it is to our advantage to move the goods QUICKLY. Colonel Albert J. Galen who was judge advocate of Camp Fremont during the war and who also went with a regiment in July of 1918 to Siberia where he acted as judge advocate for that country, Japan and China, has been elected associate justice of the supreme court of Montana on the Republican ticket. The colonel was elected by a majority of 40,000. The state is normally democratic though it went this year for Harding and the entire Republican record in the army.
